**ZEP-RE**  
(PTA Reinsurance Company)

## TRAINING MANDATE

ZEP-RE ( PTA Reinsurance Company), a COMESA Institution, is one of the leading reinsurance services providers mandated to facilitate the training of insurance and reinsurance industry personnel in the sub-region and across its markets: provide technical assistance to the insurance and reinsurance institutions of the Sub-Region and fostering the development of the insurance and reinsurance industry in the COMESA Sub-Region; promoting the growth of national, sub-regional and regional underwriting and retention capacity; and supporting sub-regional economic development.

## THE ZEP-RE ACADEMY

The ZEP-RE Academy was established in 2016 to deliver the founding mandate of ZEP-RE (PTA Reinsurance Company) of training of insurance and reinsurance industry personnel in the sub-region, conducting research and development in order to contribute to innovation and new product offerings, developing of underwriting manuals, articles and other publications, mentoring of young leaders etc. The Academy has partnered with Insurance Institutes & Insurance Training institutions in the region in order to respond to the local needs and requirements of each market.

The Academy's flagship program is the Proficiency in Short-Term Reinsurance Practice and Claims Management course (PSRTP), which was designed to address the skills gap in reinsurance experienced generally in the insurance industry in the region. This is an examinable program which equips the trainees with technical reinsurance knowledge and skills that would enable them carry out reinsurance underwriting and claims tasks competently.

Through the Training Department of ZEP-RE, the forerunner to the Academy, and since the establishment of the Academy in 2016, over 3,500 insurance and reinsurance personnel have been trained and in 2019 the ZEP-RE Academy trained 552 from the following countries Kenya, Uganda, Tanzania, Rwanda, Ethiopia, Cote d'Ivoire, Malawi, Zambia, Zimbabwe, Nigeria and Sudan.

In light of the challenges and impact of COVID 19 on business operations globally, we are at the moment unable to conduct in-person training to our esteemed clients. The ZEP-RE Academy, a thought leader in skills development, has designed a series of online training programs. These programs are intended to be flexible while continuing to provide you learning and growth opportunities that you can access from your office or the comfort of your home.

## TRAINING OBJECTIVE:
